

# 4 Ways To Make Money Online Thanks To Automated Software

– Special Report by *Corinna X*

Hi there! 😊

My name is *Corinna X* and for the past few months I have been testing a dozen internet marketing software automation tools...

...quietly driving **HUGE amounts of traffic** thanks to the ones that *WORK*...

...and making **up to \$2,000** a month in the process!

In this report I will show you the top 4 internet marketing software applications that are **currently being used by some of the best marketers in the world today.**

These are often their 'Secret Weapon' that allow them to generate multiple income streams online.

Let's begin with Software #1.

# Strategy 1: TweetAttacks Software

<http://tiny.cc/TweetAttacks>

This software is simply fantastic.

I've been able to get 21,000+ Twitter followers in just over a month, and build up more than 50 Twitter accounts, thanks to TweetAttacks.

It was recommended to me by social media expert Mili Ponce.

## “I Make Over \$30,000+ A Month now thanks to social media and webinars!”

“\$800 my first month, then \$1,700 the second month, and \$2,500 in my third month, after attending your seminar. I now make over \$16,000 a month on autopilot thanks to Facebook and social media, and another \$15,000 a month thanks to webinars!  
And the best thing is that I do this working from home, so I spend a lot of time with my 6-year-old daughter!”

Mili Ponce

Mili Ponce, an internet marketer, also known as “the twitter queen”, built a mailing of **12,000 NEW subscribers by using this software in a single month.**

She now makes \$17,000+ per month promoting Clickbank affiliate products through Twitter and to her mailing list...

...and approximately \$16,000 per month from webinars that she promotes on Facebook and Twitter

Mili can also get **800 clicks in half an hour on TWITTER.**

She has put her Twitter business on AUTOPILOT, thanks to this ‘absolutely incredible’ software, called TweetAttacks.

This software adds THOUSANDS of Twitter followers to your accounts, on AUTOPILOT and much more...

She shared these strategies with her friend Paul O'Mahony and within a week he *too* started to make money online!

**“I made my first few sales online in my first week, and I made \$50,000 thanks to Twitter in my first 7 months online!”**

Paul O'Mahony

In the past two months, my friend 'Miss M' started using TweetAttacks as well.

In the space of 60 days, she went from zero...

...to making \$400 a WEEK! 😊

**“I've made \$1,205 this month thanks to TweetAttacks, and it's only the beginning!”**

'Miss M'.

Here is a recent screenshot from her Clickbank account:

## Strategy 2: YouTube Traffic Tsunami

<http://tiny.cc/traffichijacker>

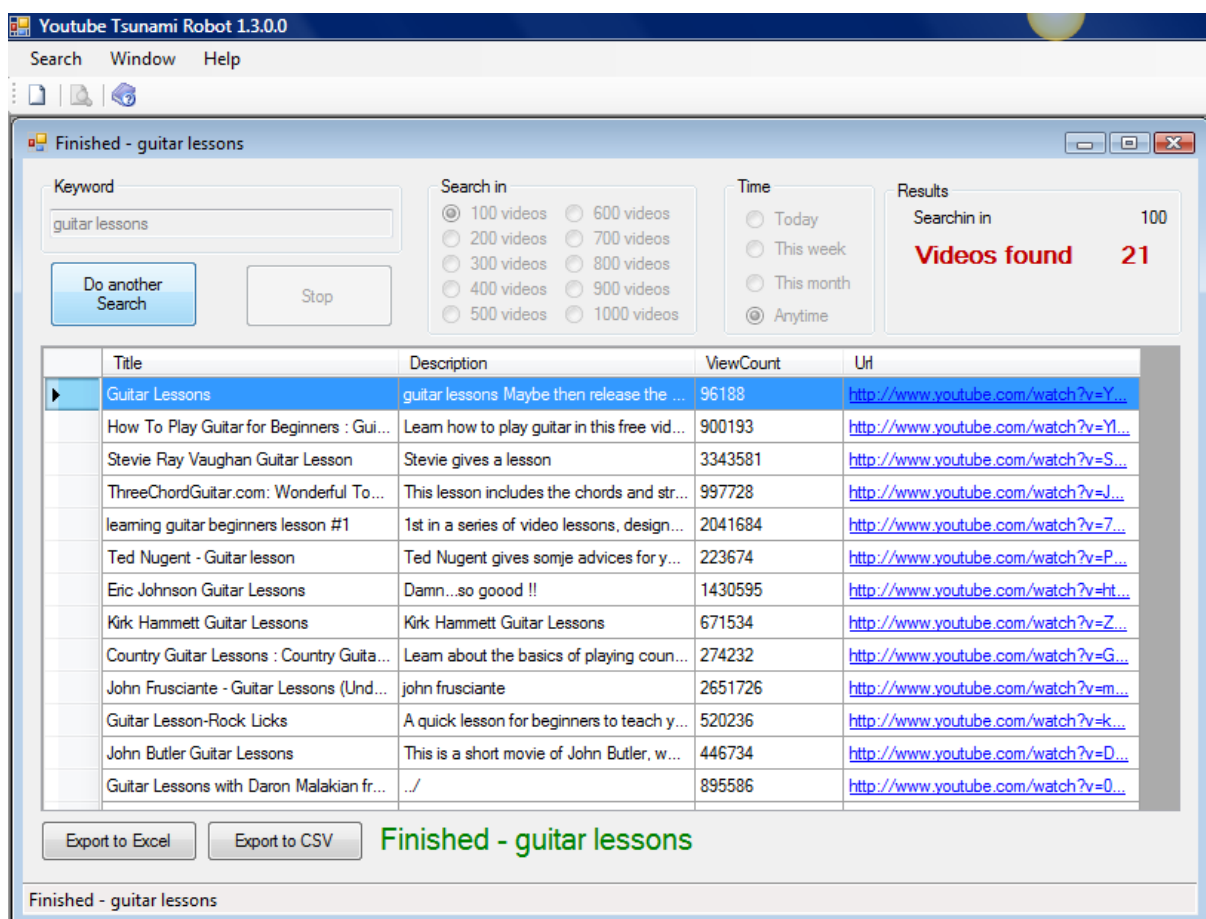

There are many different ways to profit from YouTube, but my favourite has to be the “*YouTube Traffic Hijacking*” strategy.

**The idea here is to get *your* website links on *other people’s* videos.**

The software will contact the owner of the video, on your behalf, to offer to rent the ‘*more info*’ box of their popular video – or you can even contact the owner to *buy* their YouTube account outright.

(Note: you are looking for YouTube videos that get up to 1,000 views a day and have at least 300,000 channel views, where the owners don't have a link in their 'More info' box. You can then put your own affiliate links in the description box, to get free traffic.)

With Youtube Tsunami Traffic software, you can now automate this process. This software allows you to find video's that have no links on them, just by placing a few keywords.

**Case Study #1:** Ed Dale makes \$4,500 a WEEK in passive income, from just 1 video on YouTube... and it's not even HIS video!

**Ed Dale**  
**\$4,500 a WEEK in passive income thanks to just 1 video on YOUTUBE!**

He simply 'hijacked' this video and put his affiliate link on it!

The link in the 'More Info' box is advertising <http://www.GuitarMasterPro.net>

**Case Study #2:** Sarah Staar from the UK, also used this simple strategy to make \$3,500 a month thanks to YouTube!

**Sarah Staar**  
**\$3,500+ a month in**  
**passive income**  
**thanks to**  
**YOUTUBE!**

**Here's what Sarah says about this strategy!**

**“If you want to make some quick money, just stick an affiliate link up on someone else's video; get 400 to 500 people a day clicking on your link, and make lots of money.”**

**- Sarah Staar**

**Case Study #3:** Chad Kimball is a former social worker from the USA. He started making \$6,000 a month thanks to YouTube!

**Chad Kimball**  
**\$6,000 a month**  
**thanks to**  
**YOUTUBE!**

Chad calls this strategy...

**“How To Make \$1,200 A Month In Passive Income for 1 Hour of Work on YouTube!”**

**Case Study #4:** My friend Shaqir Hussyin from the UK told me that he is making \$250 to \$1,000 a DAY thanks to this strategy!

**“I am now making \$250 to \$1,000 a DAY thanks to the YouTube Traffic Hijacking method!”**

## Strategy 3: Auto Mouse Clicker

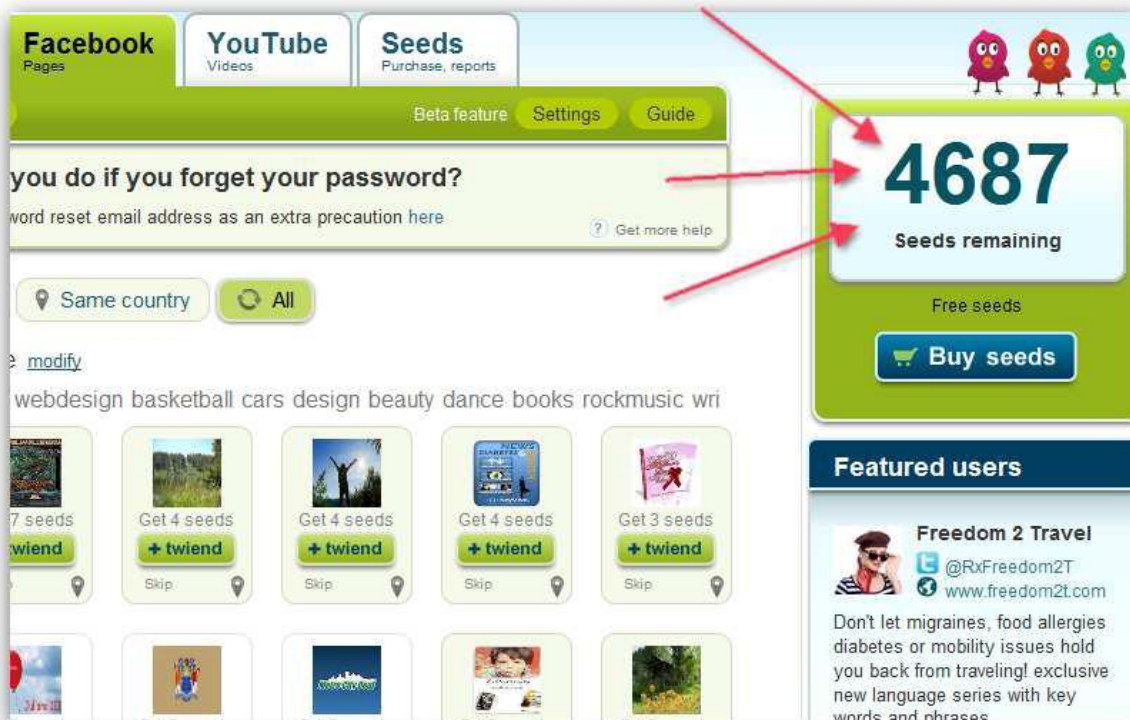

Auto Mouse Clicker is also a very powerful software I've discovered recently that many internet marketers are using.

**This software enables you to get thousands of Facebook 'Likes' in 24 hours...**

Since there is no money to be made with a fan page that has very few fans, this software adds thousands of fans to as many pages as you want.

The first thing you have to do, is set up an account with [www.twiends.com](http://www.twiends.com)

This twiends account has 4687 seeds available to use to get people to like my Facebook Fan Page.

You offer the Seeds to people who like your Facebook Fan Pages. The way you get the Seeds is to either pay cash for them or to like other peoples' Fan Pages.

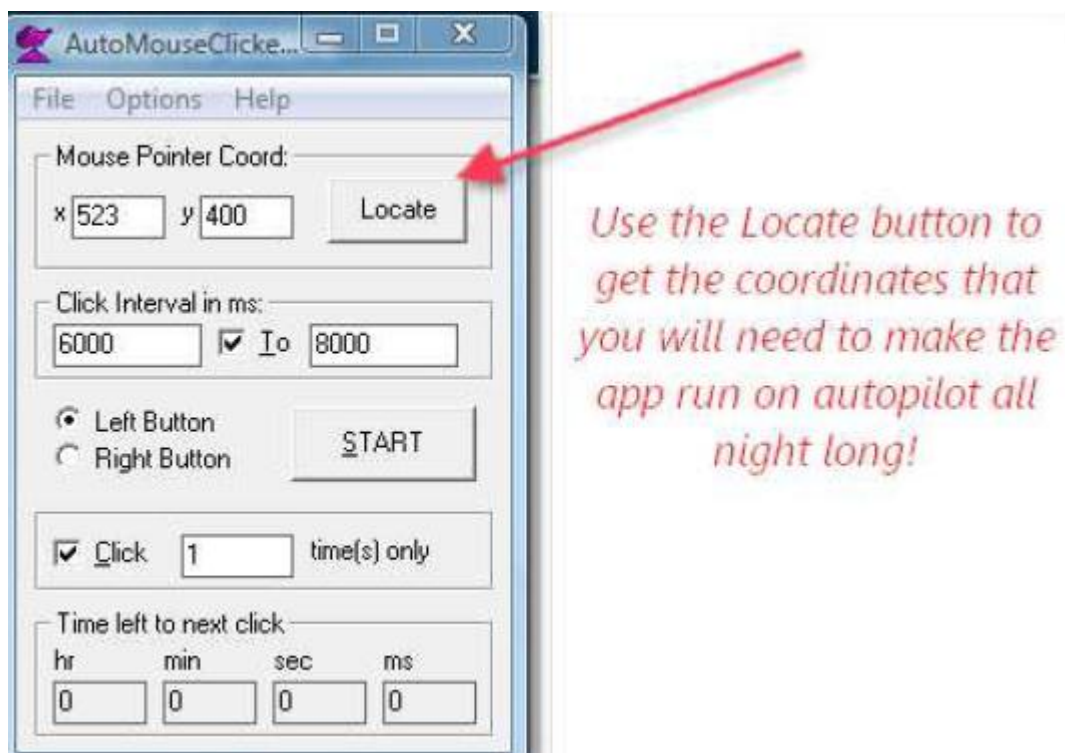

The minimum you can offer for someone to like your Fan Page is 2 seeds. So in theory I could get **2300+ people to like my Fan Page.**

Clicking the Like button enough times to get that many Seeds is very time consuming. The **Good news is that you can automate this whole process with Auto Mouse Clicker Software.**

There is a picture below that shows you what the app looks like when you open it up. To find the locations that you are going to need, simply click on the locate button and then click on what you want clicked.

It will give you the x and y coordinates that you can use to

make the application run on autopilot.

There are a lot of services available where people are offering **GUARANTEED FANS** instead of just invites.

The easiest way to get started selling FaceBook Fans is to go to Fiverr.com and open up a sales thread and charge \$5 for anywhere from 100-300 Fans.

## Strategy 1: Facebook Friend Adder Pro

This software is being used by Glen K., Tom M., myself, and other top marketers worldwide.

Facebook-related tasks that used to take us 3 hours to complete now only take 2-3 minutes.

Note: a whitelabel version of this software is being sold online for \$2,000 – but you can purchase the *exact same* software for just \$499

<http://www.facebookfriendadder.com/FFAP.html>

This software performs many tasks that we used to do manually:

### **1) Finds people**

You can make a list of people from groups, fan pages, or people's friends.

Basically, it generates a list of people in a simple text file.

### **2) Adds people**

You can add people from the list the software has generated above.

### **3) Sends traffic**

- message targeted friends
- post wall updates
- comment wall updates
- message online friends
- like wall updates
- share wall updates

### **4) Advanced features:**

- manage proxies
- change account password
- confirm friend requests
- find targeted walls
- fill profile information
- add online friends
- upload contact file (that's if you have your own database)
- upload profile pictures
- remove sent requests
- invite account friends

You can either do some of these actions to one account, or to as many accounts as you select.

Tom M. used to make \$2,700 a month thanks to selling Clickbank affiliate products on Facebook.

He used a few outsourcers in the Philippines to do this.

Then he started using Facebook Friend Adder Pro, and his sales SKYROCKETED!

Within 2 months he had increased his income to over \$20,000 and it even peaked at over \$30,000 a month at one point!

**Tom**  
**\$36,000+ a MONTH on**  
**AUTOPILOT**  
**thanks to**  
**FACEBOOK**  
**GROUPS &**  
**PAGES!**

Glen K. started using the same tool, and quickly ramped up his Facebook sales to \$3,000 a week!

**Glen**  
**\$12,000+ a MONTH on**  
**AUTOPILOT** thanks to  
**FACEBOOK GROUPS**  
**& PAGES!**
